ISKL does not operate bus services on its own and utilizes the services of a third-party contractor, Pandu Jaya Sdn. Bhd. to provide this service. The pick-up of passengers will be made as near as possible to the students' residence. Buses serve only general areas and do not stop at the house of each student. Pick-up and drop-off points are assigned due to many factors including: the area, narrow/dead-end roads, availability of places to turn the bus around, traffic congestion, and travel time. Large buses will not enter small lanes. Further provisions in relation to the bus service will be set out in the school transport agreement and busing or student handbook, amongst others.

Services to major hotels are available as indicated in the schedule above. The bus routes are applicable for this school year only. Future bus routes are dependent on the number of student requests on any particular route.

All costs listed above are for two-way trips and are in Malaysian Ringgit (RM). The cost per location is calculated by taking the shortest and most feasible route with the optimum number of students from the pick up to the school.

The semester fees are payable in advance, at the same time as school tuition fees and are non-refundable if the bus service has been utilised for at least a day. ISKL reserves the right to increase the transportation fee within the academic year in the event of governmental fuel surcharge increases.

In addition to the dismissal bus, activity bus runs are available for:

- Prep Senior - Grade 5 students at 4:00 pm
- Grade 6 - 12 students at 4:45 pm and 6:10 pm

This service is for users of the regular bus service only. Students who are not registered bus riders cannot avail themselves of the activity bus service.
